

PSYCHIATRIC ARNP

Located in Jacksonville, FL, Lakeview Health Systems is a JACHO accredited facility specializing in the treatment of chemical dependency, dual diagnoses, alcoholism and associated mental disorders. The Lakeview Health Systems alcohol and drug addiction treatment center was created to provide those persons suffering from drug addiction, alcoholism and dual disorders with a suitable drug rehab environment in order to produce quality long term recovery. The touchstone of Lakeview's addiction treatment center is found in our ability to separate symptoms from core issues, while effectively treating the whole person.

We are seeking a Registered Psychiatric Nurse Practitioner to provide primary healthcare to patients and families, focusing on health maintenance, disease prevention, patient education and counseling. Under the guidance and supervision of the Chief Operating Officer, the Advanced Registered Nurse Practitioner is responsible for professional medical and psychiatric care to patients and providing direction to other professional personnel such as RN's/ LPN's and Certified Nursing Assistants in the provision of direct patient care.

Requirements:

An Advanced Registered Nurse Practitioner Certificate with at least one (1) year of Psychiatric experience; preferably one (1) year of Chemical Dependency treatment. Will be credentialed under the Medical Director and or Psychiatrist to provide routine medical assessment, medical care, and psychiatric assessment/care.

Email Resume to trice@lakeviewhealth.us or fax to 904-899-4538.
