

DIRECTOR OF NURSING

Director of Nursing needed for growing Addiction Treatment Facility located in Jacksonville, FL.

Stepping Stone Center for Recovery is a JACHO accredited facility specializing in the treatment of chemical dependency, dual diagnoses, alcoholism and associated mental disorders. We are currently seeking an experienced Director of Nursing to join our team.

- Responsible for the directing of Nursing Services. Coordinates and supervises operations of the department, administers physical agents prescribed by a referring physician. Maintains performance improvement activities within the department and participates in CQI activities. Assures competency of all nursing department personnel. Assists in formulating staffing budget, evaluates department performance versus budget and takes appropriate action to remain in budget guidelines. Maintains efficient and effective department operation while requiring compliance with all state, federal and local regulatory laws, and facility standards and protocols. The DON of Stepping Stone will be prepared to assist the nurses with their duties during busy times.

The Director of Nursing reports directly to the Chief Operating Officer of the company.

- Must have a BSN and be a licensed RN in Florida. Experience in nurse management or comparable leadership role required. Chemical Dependency experience is preferred. Compensation based on experience, excellent benefits including medical, dental, 401k, life insurance, STD & LTD. For further information about our facility, please visit www.steppingstonecenter.org.

To be considered please submit qualifications to trice@lakeviewhealth.us or Fax information to Tom Rice: 904-899-4538.
